PAYSON CITY 2017 ADOPTED BUDGET

ELECTED OFFICIALS & CITY STAFF

MAYOR: Richard Moore

CITY COUNCIL:

Scott Phillips

Michael hardy

Linda Carter

Brian Hulet

Doug Welton

APPOINTED OFFICIALS:

City Administrator – Dave Tuckett

City Attorney – Mark Sorenson

City Treasurer – Cheryl Hobbs

Police Chief – Brad Bishop

Fire Chief – Scott Spencer

Public Works Director – Travis Jockumsen

Finance Director and City Recorder – Sara Hubbs

PAYSON CITY 2017 ADOPTED BUDGET

ORGANIZATIONAL CHART

PAYSON CITY 2017 ADOPTED BUDGET

BUDGET MESSAGE

At the City's annual budget planning work session, the City Council created a list of priorities to be considered for the FY 2017 budget. Staff tried to balance the budget with those priorities in mind. A brief summary of priorities identified by the City Council are as follows:

- Improving Roads
- Planning for future water needs
- Improving transparency and communication with the citizens of Payson
- Increasing Economic Development

Staff stands committed to address the City Council's priorities and efficiently provide core services to our residents. In preparing the Budget, staff tried to address as many city council priorities as possible. As the budget team reviewed departmental budget requests, the list of city council priorities was referred to often. We continually look for ways to be more cost effective and efficient in the delivery of city services. The highlights of this fiscal year's recommended budget are discussed below.

CONSERVATIVE REVENUE GROWTH

We conservatively estimate an increase in Sales tax revenues for FY 2017 and have kept property tax at flat rate. As a community, we are experiencing stable building permit fees, court fines and forfeitures, and franchise fees. Though most of our revenue streams appear to be trending upward, we would rather err on the side of caution in our revenue forecasts, with a focus on protecting the City should any unforeseen changes in the economic climate occur.

MAINTAINING CORE SERVICES

As a community, we continue to place the highest of priorities on funding core municipal services to all of our nearly 20,000 residents. In seeking to provide excellent core services, we have taken special care to include the City Council's budgetary priorities, as outlined above.

PUBLIC INFRASTRUCTURE DEVELOPMENT

As might be expected, the continued maintenance and development of the city's utility infrastructure and transportation system remains a high priority. Included in this fiscal year's recommended budget are ongoing funds for various maintenance projects critical for the sustainability of our public infrastructure. We believe that it is fiscally responsible to properly upkeep our infrastructure so that we do not have to bear the greater cost of replacing infrastructure that has not been maintained. The city will use impact fees for new construction projects, allowing our systems to keep pace with the rapid growth we are experiencing.

Some of the projects we have recommended in the FY 2016 Budget include:

- Installation of PI Meters, Connect to Lateral 20, Change 4" water line to 12" water line at 400 south, Purchase of vehicles using the revolving loan, Sidewalk repairs, B&C Projects, 500 South Sidewalk, Golf Pro Shop roof repair.

PAYSON CITY 2017 ADOPTED BUDGET

BUDGET MESSAGE

MAINTAINING TAX LEVELS & ASSESSING FAIR & REASONABLE FEES

Property Tax

The chart below shows Payson's property tax compared to other cities located in Utah County. Payson's property tax is .0012800 and the average of the cities located in Utah County is .0018776.

The Chart below shows a percentage breakdown of property tax collected from a Payson City resident:

Distribution of Property Tax

Utility Fees

Staff has reviewed the water rates and a 5-year plan for the water department. Staff recommends that the pressurized irrigation monthly fee be increased by \$3 and the culinary water monthly fee be increased by \$3 to cover the costs of much needed projects. These increases will allow the City to solidify its cash flow in the culinary and pressurized irrigation water funds, which is vital as the City continues to repair current deficiencies in the system and pursue additional water sources. Impact fees will be used for new construction projects.

PAYSON CITY 2017 ADOPTED BUDGET

BUDGET MESSAGE

QUALIFIED & PRODUCTIVE WORKFORCE

The FY 2017 proposed budget includes City employees paying an increased share of the total health care costs for the traditional plan. The City's leadership team recognizes the ongoing concern of escalating health insurance costs and wants

to provide better solutions to find ways to keep health insurance costs low. In an effort to help reduce health insurance costs, the City is proposing plan design changes, which resulted in no cost increase for the City's portion of the health insurance. With no increase to the City and encouraging employees to participate in a high deductible plan, it is hoped that these funds can be used to help prepare and save for much needed projects.

The City's leadership team still remains concerned about the need to offer competitive wages and will continue to work on addressing the initiative that began in FY 2015 to ensure that the City's wages and benefits are competitive while balancing the need to provide quality services as efficiently and cost-effectively as possible. The proposed budget does not include any wage increase for the City's workforce.

CONCLUSION

We appreciate the trust that the city council and residents have placed in us. We strive each day to provide the highest quality services in the most cost effective and efficient manner possible. We recognize the responsibility we have to ensure that Payson remains a wonderful place to live, work, and play. We look forward to working closely with the city council, residents, and other stake holders to make sure our priorities and goals are aligned.

Sincerely,

Sara Hubbs

Finance Director

PAYSON CITY 2017 ADOPTED BUDGET

FINANCIAL STRUCTURE

GOVERNMENTAL FUNDS

General Fund: This fund accounts for all financial resources necessary to carry out basic governmental activities for the City that are not accounted for in another fund. The General Fund supports essential city services such as police and fire protection, street maintenance, libraries and parks and open space maintenance. General Fund revenue is collected from taxes (property, sales, and franchise), license and permits, service fees, fines, grants, and other various sources. The Class C Roads account for the State's excise taxes, which are restricted for street maintenance.

Capital Project and Impact Fee Funds: These funds provide financial resources for the acquisition or construction of major capital improvement projects for governmental-type activities.

Special Revenue Funds: These funds are used when revenue is legally restricted to expenditures for specified purposes.

Redevelopment Agency Funds: Community redevelopment and economic development project areas are financed by incremental taxes collected for the properties in development. Redevelopment Agency Funds account for the tax revenue that is used to pay debt from improving project infrastructure.

PROPRIETARY FUNDS

Enterprise Funds: These funds are used for specific operations that provide goods and services primarily financed with user fee revenue. These operations are similar to private business enterprises. Payson City's seven enterprise funds include: Water (Culinary & PI), Solid Waste, Electric, Wastewater, Ambulance, Golf, and Storm. Water, Electric, and Wastewater also have associated Impact Fee Funds for the acquisition and construction of new capital improvement projects.

Internal Service Funds: These funds finance commodities or services provided by one program that benefit other programs within the City. Costs are reimbursed by those programs and departments that use the services through these funds. The City's two Internal Service Funds account for vehicle maintenance and IT activities.

PAYSON CITY 2017 ADOPTED BUDGET

FUND BALANCE AND RESERVES

Utah state law allows cities to accumulate retained earnings or fund balances as appropriate in any fund (see U.C.A 10-6-116). However, the law restricts balances in the General Fund as follows: 1) Any fund balance less than 5 percent of estimated revenue may be used for working capital, certain emergency expenditures, or to cover an unexpected revenue shortfall that would result in a year-end excess of expenditures over revenues; 2) Fund balance greater than 5 percent but less than 25 percent may be used for budget purposes; and 3) Any fund balance in excess of 25 percent must be included in the appropriations of the next fiscal year.

Payson City accumulates fund balances in its various funds for the following purposes:

- To avoid short-term debt that might be needed to provide working capital
- To meet unexpected expenditures as the result of an emergency
- To secure the City's debt and its bond rating
- To accumulate funding for planned capital expenditures including the replacement of capital assets
- To meet the reserve requirements for liabilities already incurred but not yet paid (e.g. Risk Management Fund)

GENERAL FUND BALANCE

Decline in 2016 general fund balance was due to fund balance being used for the following:

- \$110,255 Carryover projects from FY2015 – South Meadow Study, Peteetneet Sealing, Cemetery Road Resurface
- \$60,000 Finish Peteetneet Sealing
- \$45,000 Peteetneet Sprinkler System
- \$33,000 Retirement and Replacement of Employee
- \$30,000 New Sign at Wagon Wheel Park
- \$12,750 Software for GIS Services
- \$10,000 Tour of Utah

PAYSON CITY 2017 ADOPTED BUDGET

BASIS OF BUDGETING

Budgetary basis is the basis of accounting used to estimate financing sources and uses in the budget. There are three types of budgetary basis accounting: (1) cash basis, (2) accrual basis, and (3) modified accrual basis. These are explained below:

Cash Basis: Transactions are recognized only when cash is increased or decreased.

Accrual Basis: Revenues are recorded when they are earned (regardless of when cash increases) and expenditures are recorded when goods and services are received (regardless of when cash disbursements are made).

Modified Accrual Basis: Accounting method that is a mixture of cash basis and accrual basis accounting. Revenues are recognized when they become measurable and “available” as net current assets. “Available” means collectible in the current period or soon enough thereafter to be used to pay against liabilities in the current period. Expenditures are recognized when the related fund liability is incurred, except for principal and interest on general long-term debt, which is recognized when due.

General Government Funds follow the modified accrual basis of accounting. Sales taxes are recognized when intermediary collecting agencies have received them. All other intergovernmental revenues are recorded as revenue when received. Property tax revenues are recognized in the fiscal year for which they were levied. Licenses and permits, charges for services, fines and forfeitures, and other revenues are recorded as revenue when received cash.

The Enterprise Funds are prepared on an accrual basis. Expenditures are recognized as encumbrances when services are received or a commitment is made (e.g. through a purchase order). Revenues, on the other hand, are recognized when they are obligated to the City (for example, power user fees are recognized as revenue when service is provided).

In both Enterprise Funds and General Governmental Funds, the encumbrances will lapse when goods and services are not received by year-end.

The annual financial statements audited by an independent auditor shows the City’s finances on the basis of “generally accepted accounting principles” (GAAP). In most cases this conforms to the way the City prepares its budget. Exceptions include:

- Compensated absences liabilities that are expected to be liquidated with expendable available financial resources are accrued as earned by employees (GAAP) as opposed to being expended when paid (Budget).
- Principal payments on long-term debt within the Enterprise Funds are applied to the outstanding liability on a GAAP basis, as opposed to being expended on a Budget basis.
- Capital outlay within the Enterprise Funds are recorded as assets on a GAAP basis and expended on a Budget basis.
- Depreciation expense is recorded on a GAAP basis only

PAYSON CITY 2017 ADOPTED BUDGET

DEBT

Reducing debt is one of the top priorities for Payson City Council and Administration. The last time the City issued new debt was in 2012 when a water tank froze and construction of a new tank was needed. The City will most likely need to bond for the sewer treatment plant upgrades that are required to be completed by the year 2020. The Council approved a \$15 per month rate increase that took effect July 2015 to help save for the upgrades and improve and maintain aging sewer lines. Below is the outstanding bond schedule for Payson City:

<u>DESCRIPTION</u>	<u>ORIGINAL BALANCE</u>	<u>PAYOFF DATE</u>	<u>2014 BALANCE</u>	<u>2015 BALANCE</u>	<u>2016 BALANCE</u>	<u>2017 BALANCE</u>

PAYSON CITY 2017 ADOPTED BUDGET

TRANSFERS

State law requires that the City provide annually a disclosure on funds transferred from the City enterprise funds to the general fund. Payson has budgeted for the transfer of 9% of utility fund revenues to the general fund as a “dividend” to Payson taxpayers as the result of the taxpayers’ investment in the City’s utility infrastructure. These funds are used each year to help cover the costs of important city services like police, fire, parks and recreation, and other city functions. The utility transfer helps keep property taxes in Payson low. If City utility services were provided by private utility customers, these dividends would instead be paid to investor-owners; because Payson taxpayers are the investor-owners, these dividends are used to offset what otherwise would be a significant increase in property tax rates.

The Class "C" Roads Fund was established through the State of Utah to provide assistance to counties and municipalities for the improvement of roads. The revenue comes from the Utah Department of Transportation (UDOT) through the State's excise tax on fuel purchases. The amount received is determined by the miles of roads and sidewalks in Payson, which is assessed each calendar year, and the City's population. Repair and maintenance includes

BUDGET HIGHLIGHTS:

Capital Improvements include the following: slurry coating, crack seal, 100 south project, Utah Avenue project, 1400 S. light poles, miscellaneous overlays, 600 E & 400 S, traffic paint and barricades.
