

# SR-198

## **UPDATED**

### MP 1.41 – 1.64

The SR-198; Box Culvert Replacement Project in Spring Lake will start on October 9<sup>th</sup>. This project will replace the culvert under SR-198 where it crosses the Highline Canal.

This new culvert will be built to provide an adequate connection to the future enclosure of the Highline Canal and will increase the safety for vehicles traveling over the culvert.

#### WHAT TO EXPECT

Construction will start on October 9<sup>th</sup> and continue until the end of November 2017. Except for the dates listed below, the road is expected to remain open to traffic.

It is anticipated that SR-198 at the Highline Canal will be closed to through traffic from October 18<sup>th</sup> at 7:00 pm to October 23<sup>rd</sup> at 5:00 am. Drivers will need to find alternate routes during this time.

*\*Schedule is subject to change due to materials availability or weather.*
