## Payson City Recycling Program

Payson City received many inquiries regarding curbside recycling. More requests and inquiries came in when the recycling bins located at the local schools were removed by the recycling company. The City has entered into a five-year contract with Republic Services to provide curbside recycling. This is an "Opt-out" program, so residents will have a window of time to choose not to participate.

**The opt-out period will be August 15 through September 30, 2016.**

After the Sept. 30th deadline, residents who have not opted out will be part of the program. Recycling cans will be delivered to each resident and the monthly charge for the service will be added to the utility bill.

The cost to the residents who choose to take advantage of this service will depend upon the number of residents who participate in the program.

65% or greater participation:	\$5.50 per month
50% to less than 65% participation:	\$6.25 per month
25% to less than 50% participation:	\$7.50 per month

**The recycling service will be collected every other week.**

## Change in Equal Pay Amount

This is the month Payson City evaluates all equal pay accounts. Due to the increase in water rates,

**ALL equal pay amounts will increase a minimum of \$6.00/month.**

Please review your bill carefully to see what your equal pay amount has been changed to.
